# WINDSOR 

## Fabric \& Supplies

Fabric A .......MAS2029-R ...... 1/2 yard
Fabric B* ......MAS2028-G ..... 1-1/2 yards or MAS2028-N for blue quilt
*Includes binding
Fabric C .......MAS8076-E2 ..... 3-1/2 yards
Fabric D .......MAS2031-E ....... 2-1/4 yards or MAS2031-N fro blue quilt

Backing .......Your Choice .... 3-2/3 yards
Fit to be Geese Ruler ©........ OPG102

## Cutting

Fabric A MAS2029-R
cut (3) 5-1/2" strips, into:
cut(18) 5-1/2" squares,
cut the squares diagonally twice
Fabric B MAS2028-G (MAS2028-N)
cut (10) 1-1/2" strips
cut (2) 2-1/2" strips
cut 2-1/4" bias strips to make 275" for binding
Fabric C MAS8076-E2
cut (10) 1-1/2" strips
cut (2) 2-1/2" strips
cut (6) 3-1/4" strips into:
(72) 3-1/4" squares,
cut squares diagonally once
cut (10) 8" strips into:
(30) side triangles, per diagram
(12) corner triangles, per diagram

Fabric D MAS2031-E (MAS2031-N) fussy cut (2) 11-1/4" x 81 " strips

## Construction

1. Sew a $1-1 / 2$ " strip of Fabric $C$ to a $1-1 / 2$ " strip of Fabric B. Iron towards the darker fabric.
Repeat to make a total of 6 sets.
Cut the sets into (144) 1-1/2" segments.

2. Sew two of the segments from step 1 together to form a 4-patch matching the dark side of one to the light side of the other.
Make a total of 724 -patches.

3. Sew a $1-1 / 2$ " strip of Fabric $B$ to both sides of a $2-1 / 2^{\prime \prime}$ strip of Fabric C. Iron towards the darker fabric.
Repeat to make a total of 2 sets.
Cut into (36) 1-1/2" segments.

4. Sew a $1-1 / 2$ " strip of Fabric $C$ to both sides of $a$ $2-1 / 2^{\prime \prime}$ strip of Fabric B. Iron towards the darker fabric. Repeat to make a total of 2 sets.
Cut into (18) 2-1/2" segments.

5. Sew two pieces from step 3 to both sides of a piece from step 4. Iron out. Repeat to make a total of 18 .

## Construction

6. With right sides together sew one Fabric A triangle (cut from the 5-1/2" square) and one Fabric C triangle (cut from a $3-1 / 4$ " square) together. Place the Fabric C so that the long side is lined up with a short side of the dark fabric per diagram. Iron towards the light. Sew another Fabric C triangle to the other side, per diagram. Iron towards the light.
Make a total of 72.

7. Square to $2-1 / 2^{\prime \prime} \times 4-1 / 2^{\prime \prime}$ using the Fit to be Geese ruler.

8. Sew the block in rows as shown using four flying geese from step 7, a center from step 5 and four 4-patches from step 2. Iron per arrows. Square to 8-1/2". Repeat to make a total of 18.

9. Sew 6 of the blocks together with 10 side triangles and 4 corner triangles, per diagram. Repeat to make a total of 3 . Iron per arrows. The side and corner triangles are larger than needed. Trim the sides to $1 / 4^{\prime \prime}$, making sure the width measures 12 ". Trim the ends so that the strip measures $69^{\prime \prime}$ in length.

10. Centering the motif in Fabric D, cut the 11-1/4" strips to measure 69". This measurement should be the same as the length of your strips in step 9. Sew the rows of blocks and main fabric in lengthwise rows, per quilt diagram on back page. Iron per arrows.
11. Quilt, bind and enjoy!!

## Quilt Diagram

Fabric \& Supplies

Fabric A.......1/2 yard
MAS2029-R

Fabric B*......1-1/2 yards MAS2028-G or
MAS2028-N for blue quilt *Includes binding $\qquad$

Fabric C.......3-1/2 yards MAS8076-E2.

Fabric D.......2-1/4 yards MAS2031-E or MAS2031-N fro blue quilt

Backing .......3-2/3 yards Your Choice
