## CUTTING

Center and cut 30 Bali Tiles at 10" square. Refer to photo for reference, if you like. Organize and mark the rows accordingly, stacking the tile to the farthest left on top.

From the contrasting fabric, used for sashing, borders and binding, cut (6) 2 ½ " x WOF, sub-cut into (24) 2 ½ " x 10" pieces for vertical sashing. Cut (13) 2 ½ " x WOF, for horizontal sashing and outside borders and (7) 2 ½ " x WOF for binding.

## CONSTRUCTION

Take your 5 Tiles laid out for Row 1 and intersperse (4) 2 ½ " x 10" pieces among. Continue for rows 2-6.

Take the (13) 2 ½ " WOF strips and sew them together, at the short ends to make one long continuous strip. Put aside for now.

Once your rows are complete, take one of the rows and fold in half, joining raw edges of Tile 1 and Tile 5. Measure and double this amount. From the long strip pieced for the horizontal sashing and the borders, cut 5 strips to this measurement.

Sew 1 strip to the bottom of each of the 5 rows. Note there will be no sashing at the bottom of the 6th row.

Now sew all the rows together, including the 6<sup>th</sup> row, at the very bottom.

Once the center of the quilt is pieced, fold the quilt in half, top to bottom. Measure down the middle, from fold to raw edges. Double this amount. From the super long 2 ½ " strip, cut 2 pieces to this measurement and attach to the left and right sides of your quilt.

Again fold the quilt in half, but this time with the left to right edges meeting. Measure and double amount. Cut 2 pieces of this measurement and attach to the top and bottom of your quilt.

Layer top, batting and backing. Quilt. Bind using your favorite method. Enjoy!
