About the Blocks and Using the Tube Technique

This quilt is one simple block of different fabric arrangements. Each block has a large square with half-square triangle units on two sides as pictured to the right.

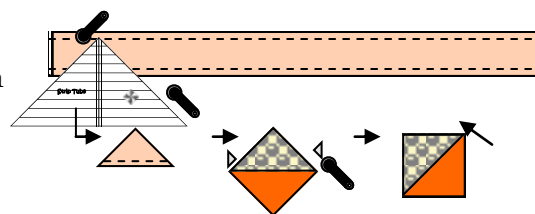

To make the half-square triangle units, we will use the tube technique. Here are the general directions. Later instructions will tell you which fabrics to sew together.

Place two fabrics right sides together and sew a ¼" seam on the top and bottom of the long sides to make a tube.

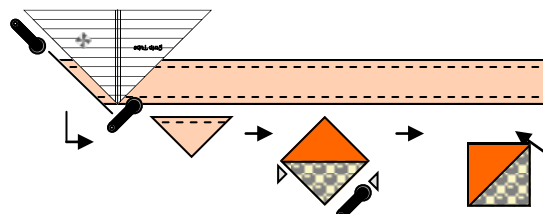

(The shaded graphic indicates the wrong side of the fabric.)

Then place the 3 ½" horizontal measurement of your **Strip Tube Ruler™** on the bottom stitching line and cut up one diagonal side and down the other to get a triangle that opens to a square that measures 3 ½". Trim off any dog ears and press to the darker fabric.

Next, place the 3 ½" horizontal measurement on the top stitching line. Again cut out a triangle that opens to a square, cut off the dog ears, and press to the darker fabric.

Continue down the tube to get at least 12 squares per tube.

*See the following page for alternate directions if you don't have the **Strip Tube Ruler™**.

Making the Blocks

Light Leaf and Rust Block

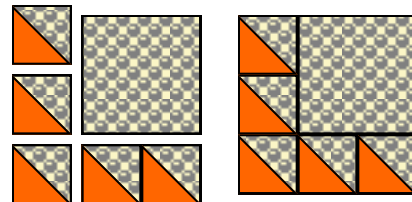

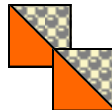

Sew the following into a tube:

3" Light Leaf strip + 3" Rust strip.

Make 4 tubes.

Complete 40 half-square triangle units.

Add five units to a 6 1/2" Light Leaf square as pictured.

Make 8 Blocks measuring 9 1/2" square.

Dark Leaf and Green Block

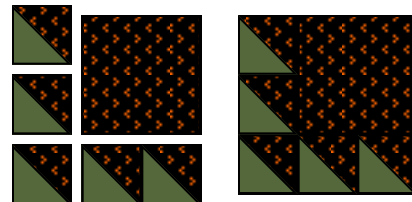

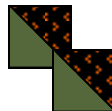

Sew the following into a tube:

3" Dark Leaf strip + 3" Green strip.

Make 5 tubes.

Complete 60 half-square triangle units.

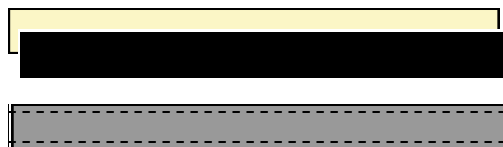

Add five units to a 6 1/2" Dark Leaf square as pictured.

Make 12 Blocks measuring 9 1/2" square.

Cream and Black Block

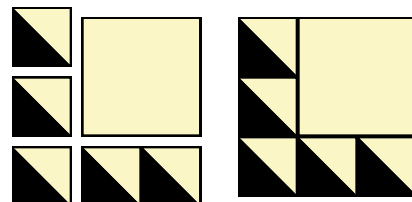

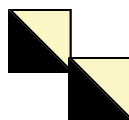

Sew the following into a tube:

3" Cream strip + 3" Black strip.

Make 2 tubes.

Complete 20 half-square triangle units.

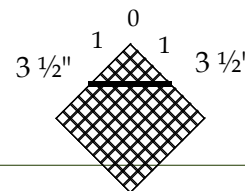

Add five units to a 6 1/2" Cream square as pictured.

Make 4 Blocks measuring 9 1/2" square.

* If you don't have ^{The Strip Tube Ruler™}, you can use a square-up ruler 4" or larger. Turn it so the 0 point is on the top. Mark your ruler from the right 3 1/2" measurement to the left 3 1/2" measurement with masking tape or Omnigrid Glow-Line tape.

Use this line as your placement guide.

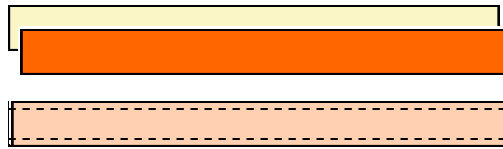

Making the Blocks (continued)

Cream and Rust Block

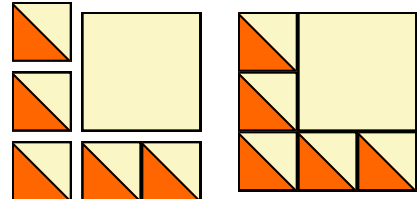

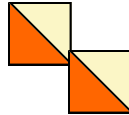

Sew the following into a tube:

3" Cream strip + 3" Rust strip.

Make 5 tubes.

Complete 60 half-square triangle units.

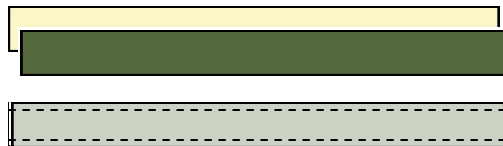

Add five units to a 6 1/2" Cream square as pictured.

Make 12 Blocks measuring 9 1/2" square.

Cream and Green Block

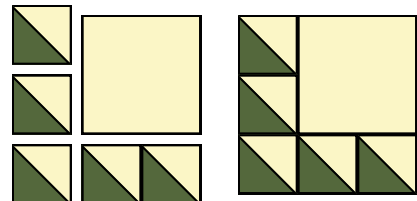

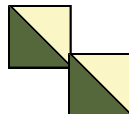

Sew the following into a tube:

3" Cream strip + 3" Green strip.

Make 5 tubes.

Complete 60 half-square triangle units.

Add five units to a 6 1/2" Cream square as pictured.

Make 12 Blocks measuring 9 1/2" square.

Putting It All Together

Using the layout diagram on the next page, arrange your blocks as pictured. Once you have your arrangement, sew your blocks together by rows. Press the seams of the first row to the left, then the next one to the right, etc. Then sew your rows together.

Cut and add your Borders as follows:

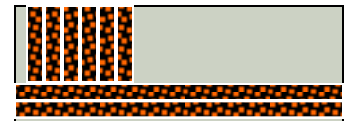

From your Border 1 fabric, cut 7 – 2" strips. Attach to your quilt and press seams out.

Because your Border 2 fabric is directional, cut as follows:

First, for the vertical borders, cut 2 – 5 1/2" strip from the length of your fabric (parallel to the selvage).

Then, for the horizontal borders, cut 5 1/2" strips from the remaining width of fabric. You should need about 6 or 7 – 5 1/2" strips.

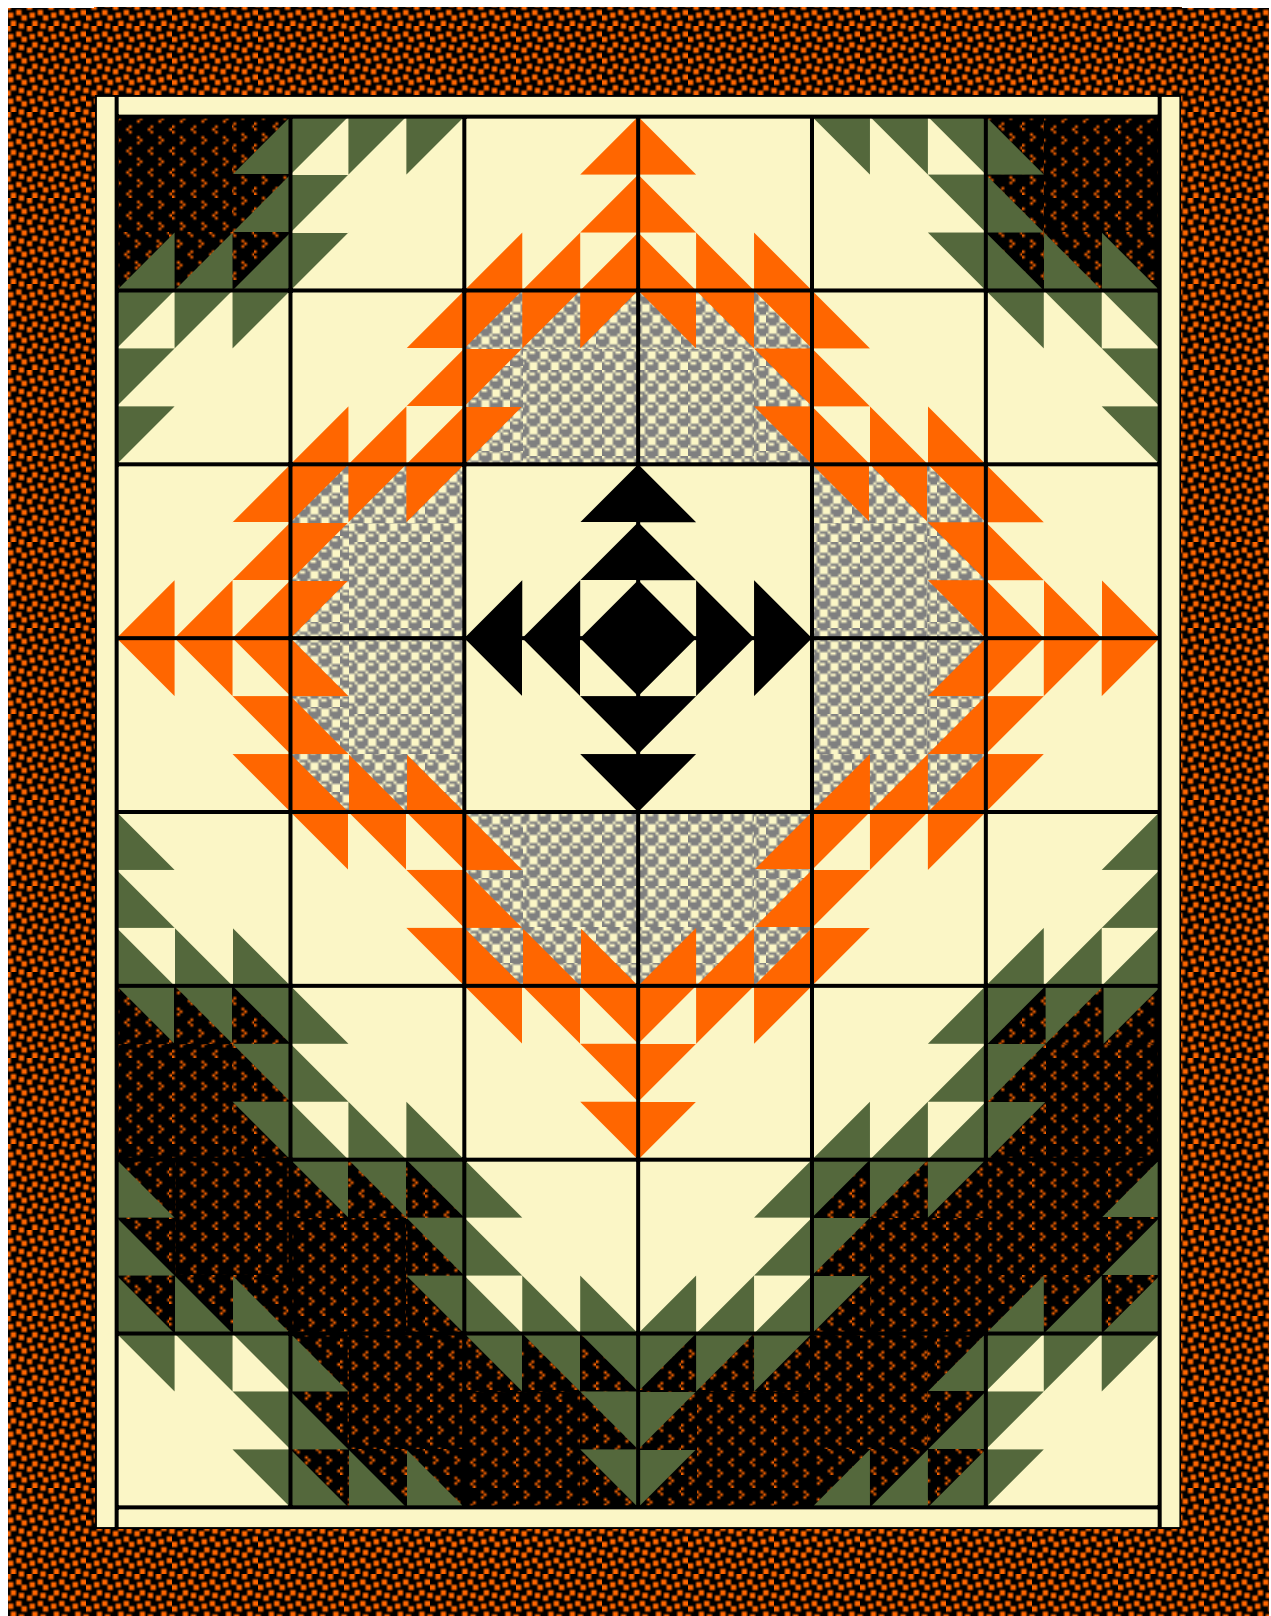

Attach to your quilt and press seams out.

Cut your binding fabric into 8 – 2 1/2" strips.

Finishing

Finally, Layer, Quilt, Bind, and Enjoy!
