From Fabric L (CWSB 201 EE), cut:

- (3) 6 1/2" x 42" strips
- (2) 12 7/8" x 42" strips; cut (6) 12 7/8" squares. Cut the squares in half diagonally to make (12) triangles.
- (1) 6 7/8" x 42" strip; cut into (6) 6 7/8" squares. Cut (4) of the squares in half diagonally to make (8) triangles.

*Follow the manufacturer's instructions to press fusible web to the wrong of the remaining piece of Fabric K before cutting the bias strips.

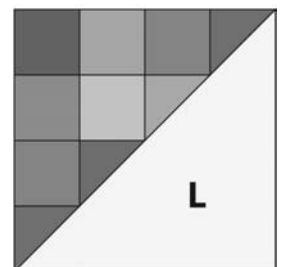

Block Assembly

1. Lay out one Fabric I square, one Fabric K square, two Fabric G squares, one Fabric J square, one Fabric H 3 1/2" square, two Fabric F triangles, one Fabric E triangle, and one Fabric D triangle as shown. Join the pieces into rows and then join the rows to make a pieced triangle. Repeat to make a total of 16 pieced triangles.

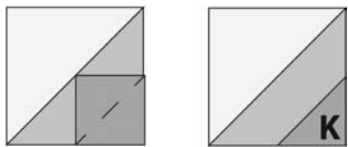

2. Sew one Fabric L 12 7/8" triangle to one pieced triangle to make a block.

The block should measure 12 1/2" square. Repeat to make 12 of Block One.

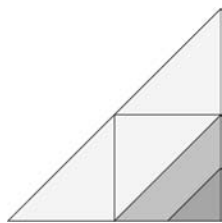

3. Draw a line from corner to corner on the wrong side of the two remaining Fabric L $6\frac{7}{8}$ " squares. Layer a marked square right sides together with a Fabric H $6\frac{7}{8}$ " square. Sew $\frac{1}{4}$ " on each side of the marked line. Cut the squares apart on the drawn line to make two H/L half-square-triangle units. The units should measure $6\frac{1}{2}$ " square. Make a total of four H/L squares.

4. Draw a line from corner to corner on the wrong side of the four remaining Fabric K squares. Place a marked square on the "H" corner of an H/L unit, right sides together. Sew on the marked line and trim the excess corner fabric, leaving a $\frac{1}{4}$ " seam allowance to make a $6\frac{1}{2}$ " square unit. Repeat to make four units.

5. Sew two Fabric L $6\frac{7}{8}$ " triangles to adjacent sides of each unit from step 4 as shown to make a large triangle unit.

6. Join a triangle unit from step 5 to the long edge of each of the remaining pieced triangles from step 1 to make four of Block Two. The blocks should measure $12\frac{1}{2}$ " square. (See illustration following step 10.)

7. Join three of Block One and one of Block Two to make a quarter unit. The unit should measure $24\frac{1}{2}$ " square. Make a total of four quarter units.

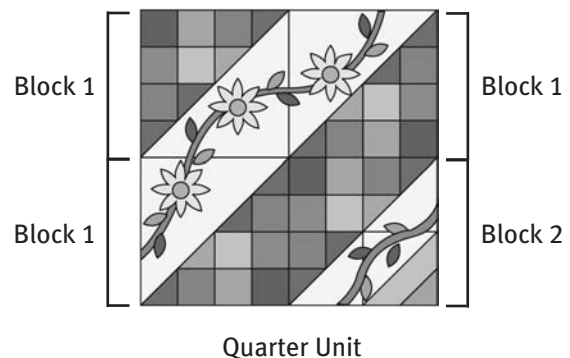

Fusible Appliqué Instructions

8. Following the manufacturer's instructions, trace 26 Daisies, 26 Daisy centers, and 76 Leaves onto the paper side of the fusible web. Roughly cut out each shape, leaving about $\frac{1}{4}$ " margin all around the drawn lines.

9. Referring to the cutting list, fuse the shapes to the wrong side of the fabrics as indicated. Cut out each shape on the drawn lines.

10. Fuse three Daisies, three Daisy centers, twelve Leaves, one 36"-long bias strip, and one 14"-long bias

strip to each quarter unit as shown. Finish the raw edges of each shape with a decorative stitch such as a buttonhole or satin stitch. *Note: You will not fuse the four center daisies to the quarter units until the units are sewn together.*

Quilt Top Assembly

i1. Lay out the appliquéd quarter units as shown in the photo. Join the units into rows and then join the rows to complete the quilt center. The quilt center should measure $48\frac{1}{2}$ " square.

i2. Referring to the photo for placement guidance, fuse the remaining Daisies and Daisy centers in the middle of the quilt center. Finish the raw edges of each shape with a decorative stitch.

i3. Join the Fabric L $6\frac{1}{2}$ "-wide strips end to end to make a long strip. From the pieced strip, cut two $48\frac{1}{2}$ "-long strips.

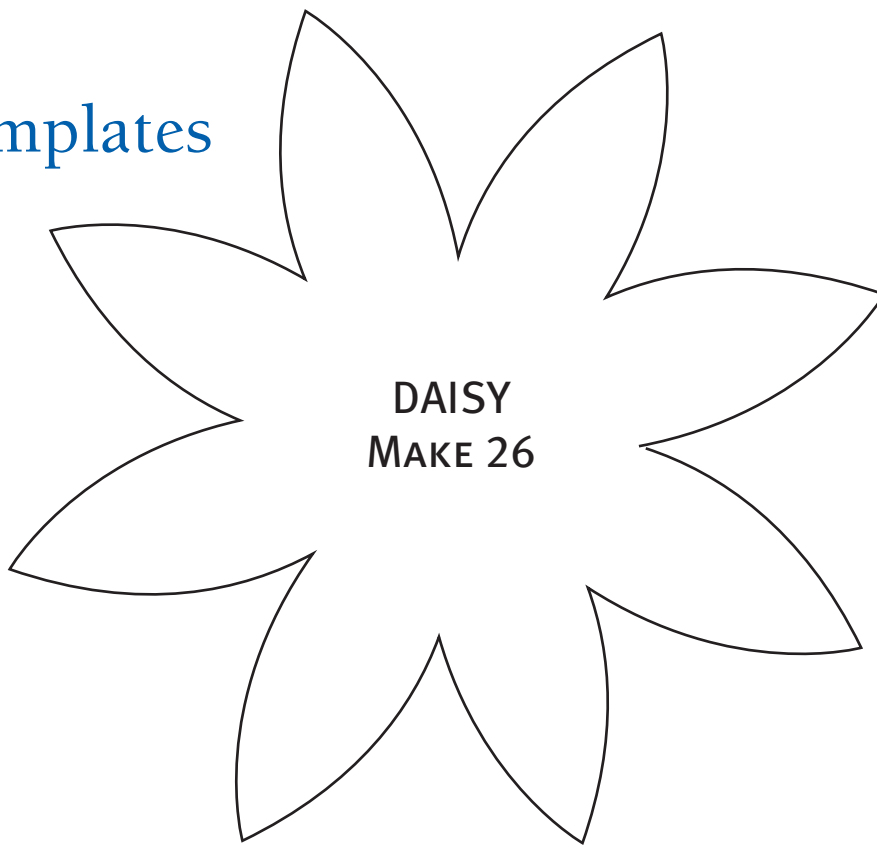

i4. Referring to the photo for placement guidance, fuse five Daisies, five Daisy centers, fourteen leaves, and one $\frac{3}{8}$ " x 48" bias strip to a $48\frac{1}{2}$ "-long strip from step 13 to make a border strip. Repeat to make a second border strip. Finish the raw edges of each shape with a decorative stitch such as a buttonhole or satin stitch.

i5. Join the Fabric E 2"-wide strips end to end to make a long strip. From the pieced strip, cut four $48\frac{1}{2}$ "-long strips. Sew Fabric E strips to both long edges of each appliquéd border strip to make two border units.

i6. Sew the border units to the top and bottom of the quilt center to complete the quilt top.

i7. Layer the quilt top with batting and backing; baste. Quilt as desired. Using the $2\frac{1}{2}$ "-wide binding strips, bind the edges to finish.
