2¼" (WOF) for binding.

Fabric H- Cut three-2½" x WOF for left and right borders.

Fabric I- Cut three-2½"x WOF for top and bottom borders.

Fabric J- Cut two-1¼" strips. Sub-cut 8-1 ¼" x 6 ½" pieces for vertical sashing.

Fabric K- Cut two-1¼" strips. Sub-cut 8-1 ¼" x 6 ½" pieces for vertical sashing.

Quilt Assembly

Use Dragon Screen Fabric Diagram or the photo for the print layout.

Stitch left column interspersing Fabric G strips between the Pgram shapes.

End the top and bottom of left column with Fabric F Pgram 1. Do not trim (yet) extra fabric. Repeat for right column. Repeat for middle column, however, use Pgram 2 for top and bottom.

Piece Fabrics J & K 1 ¼ x 6 ½" pieces together at short ends, alternating the colors. Include the 2 Fabric F pieces at the appropriate places. Refer to the photo for correct rotation.

Sew left side of the pieced sashing to the right of the left column. Sew the middle column to right side of the pieced sashing. Try to center the seam where the two colors of sashing meet, to the middle of the black sashing.

Continue to sew the left sashing to the right side of the middle column, again matching the seam to the middle of

each black sashing strip. Sew the right column to the sashing, again matching the seam to the middle of the black sashing.

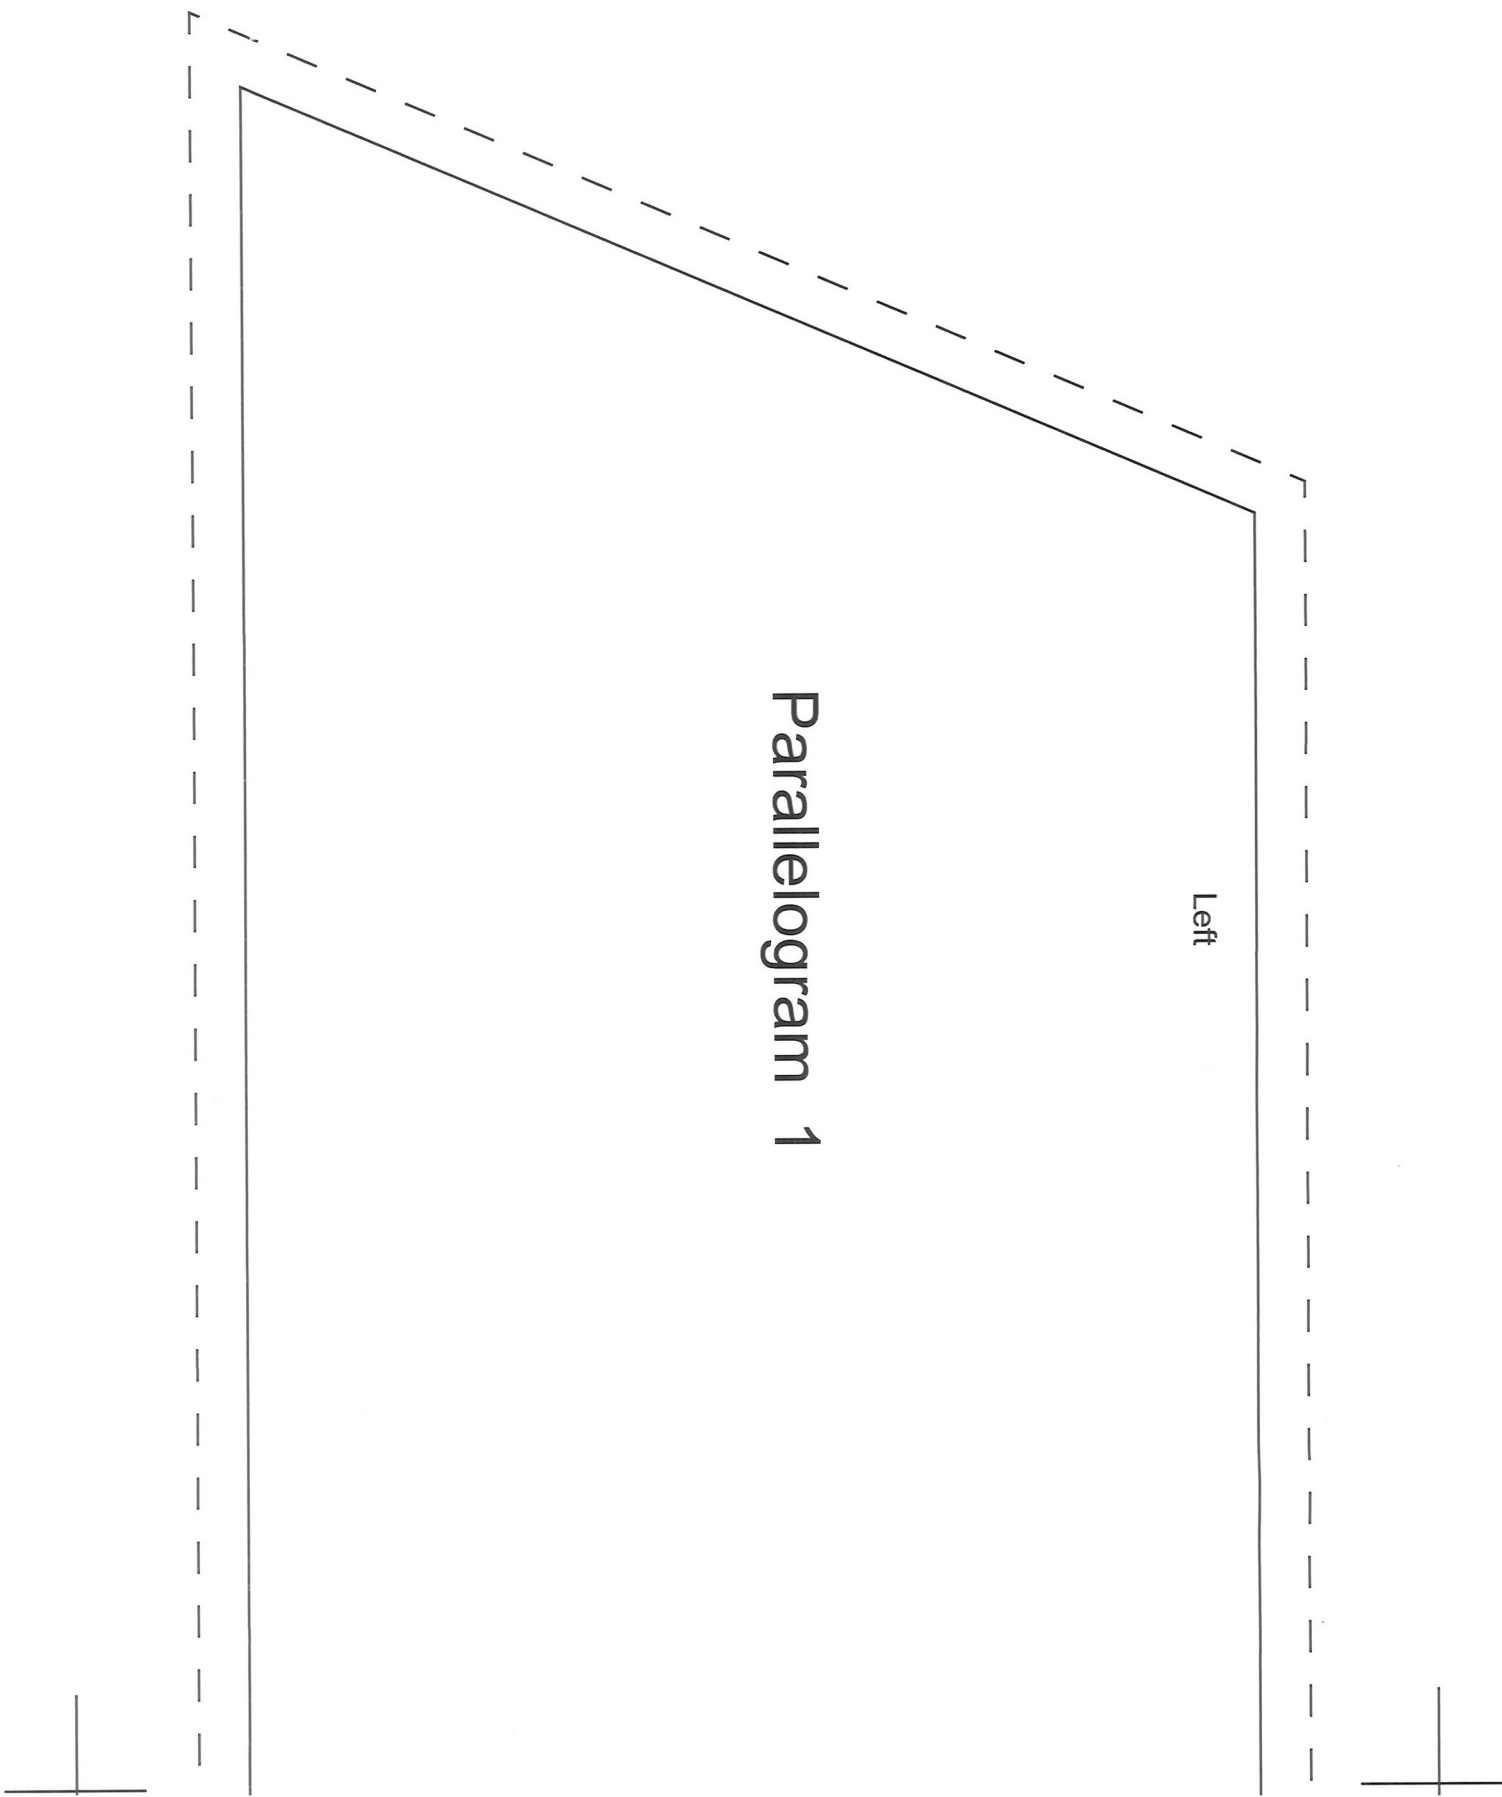

Now is the time to trim the excess fabric (F) for a straight edge on top and bottom.

Piece the five-1 1/2" Fabric G strips at the short ends. Measure the quilt length (down the middle) and cut 2 lengths of this measurement. Sew 1 length to the left and right sides.

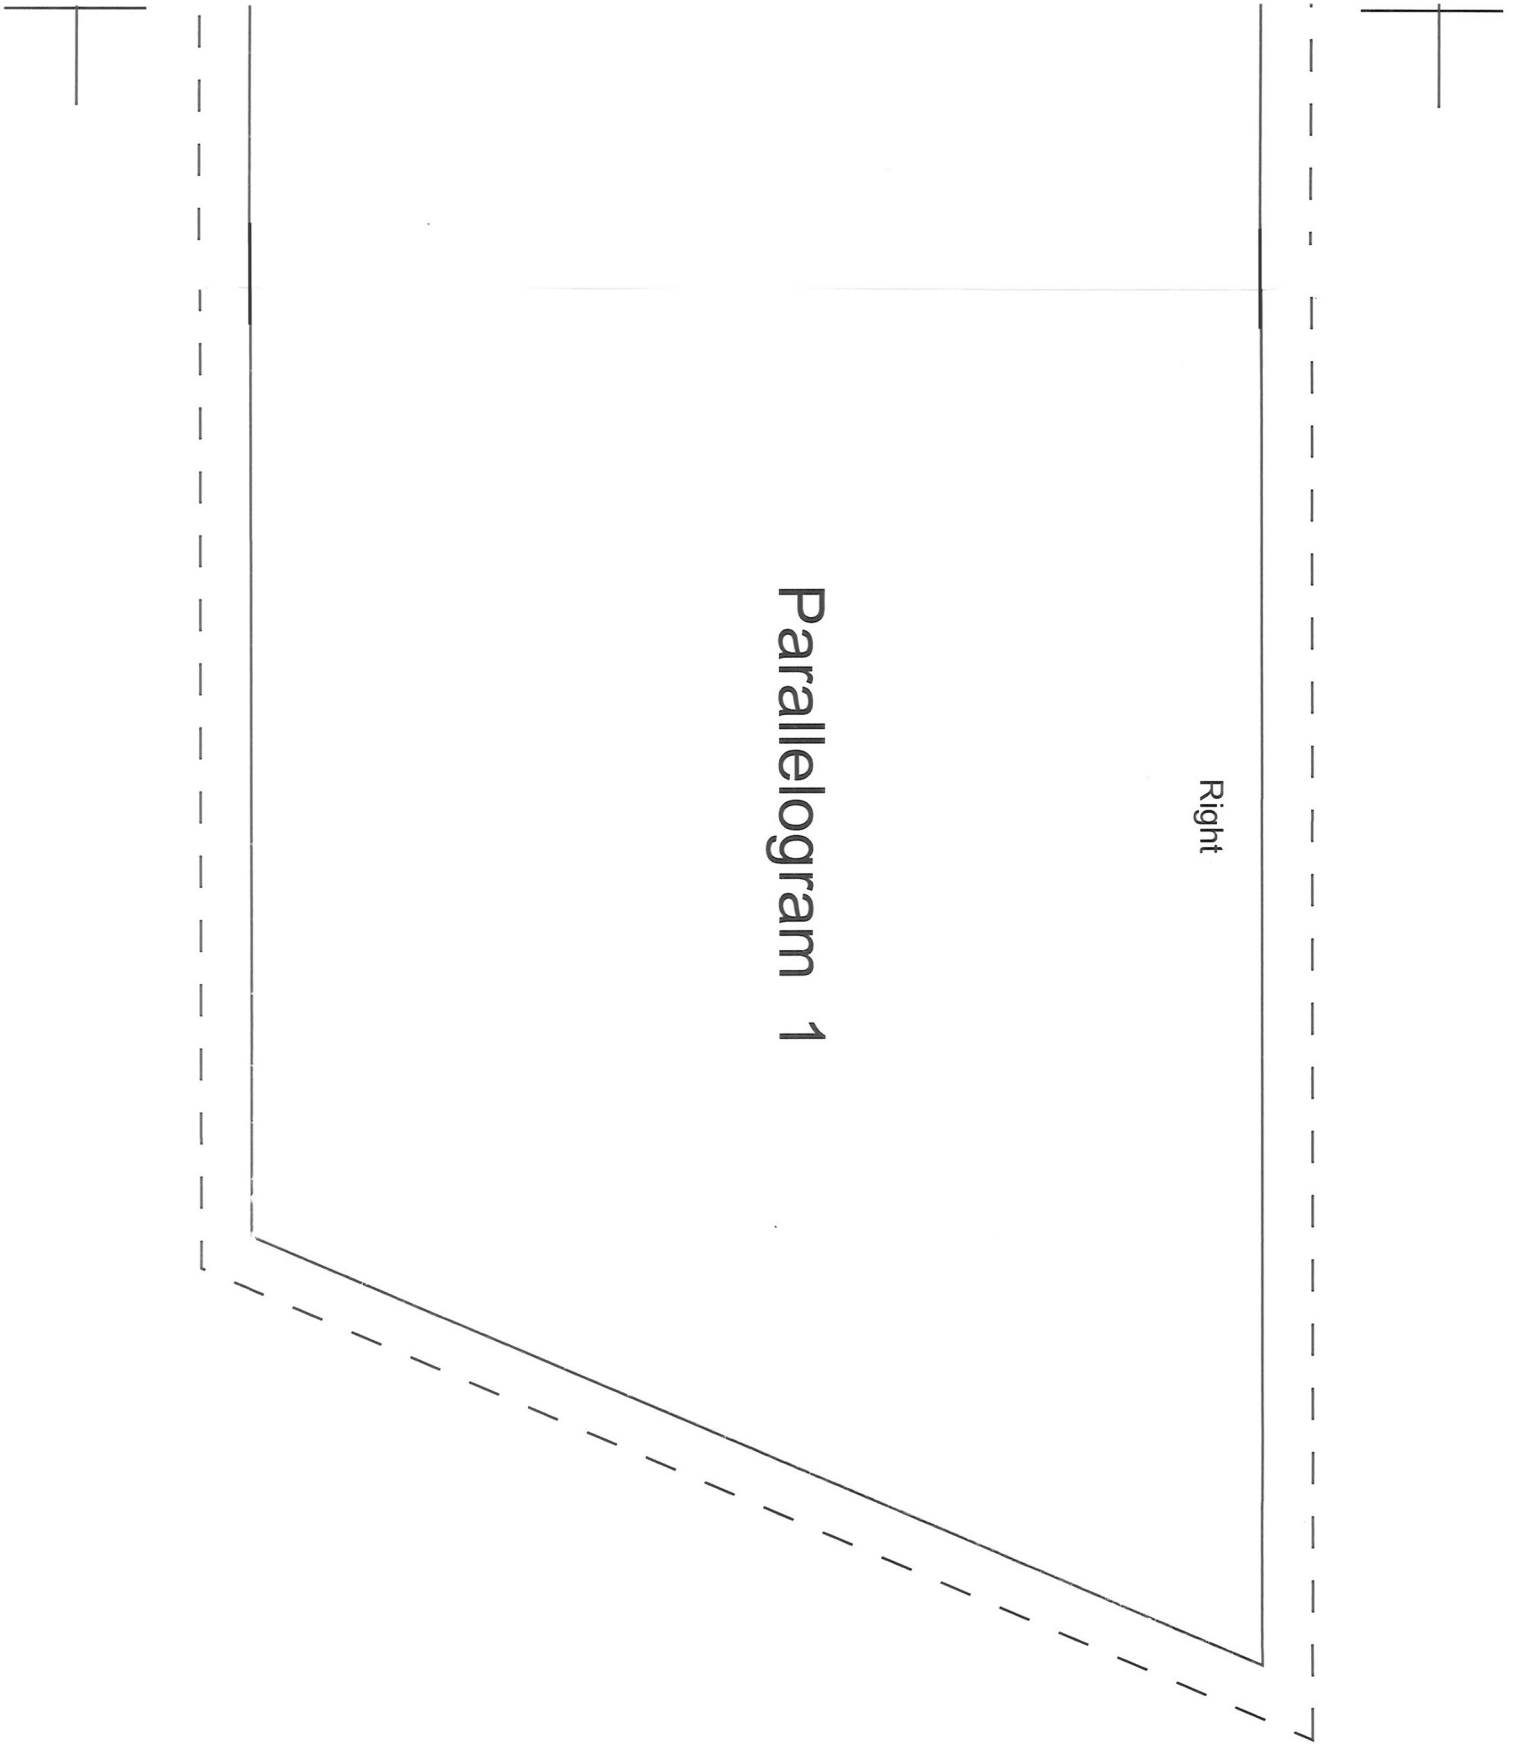

Measure the width of the quilt and cut 2 strips to this measurement. Sew 1 strip to the top and 1 to the bottom.

Do the same for the outer borders, using Fabric H for left and right outer borders and Fabric I for top and bottom.

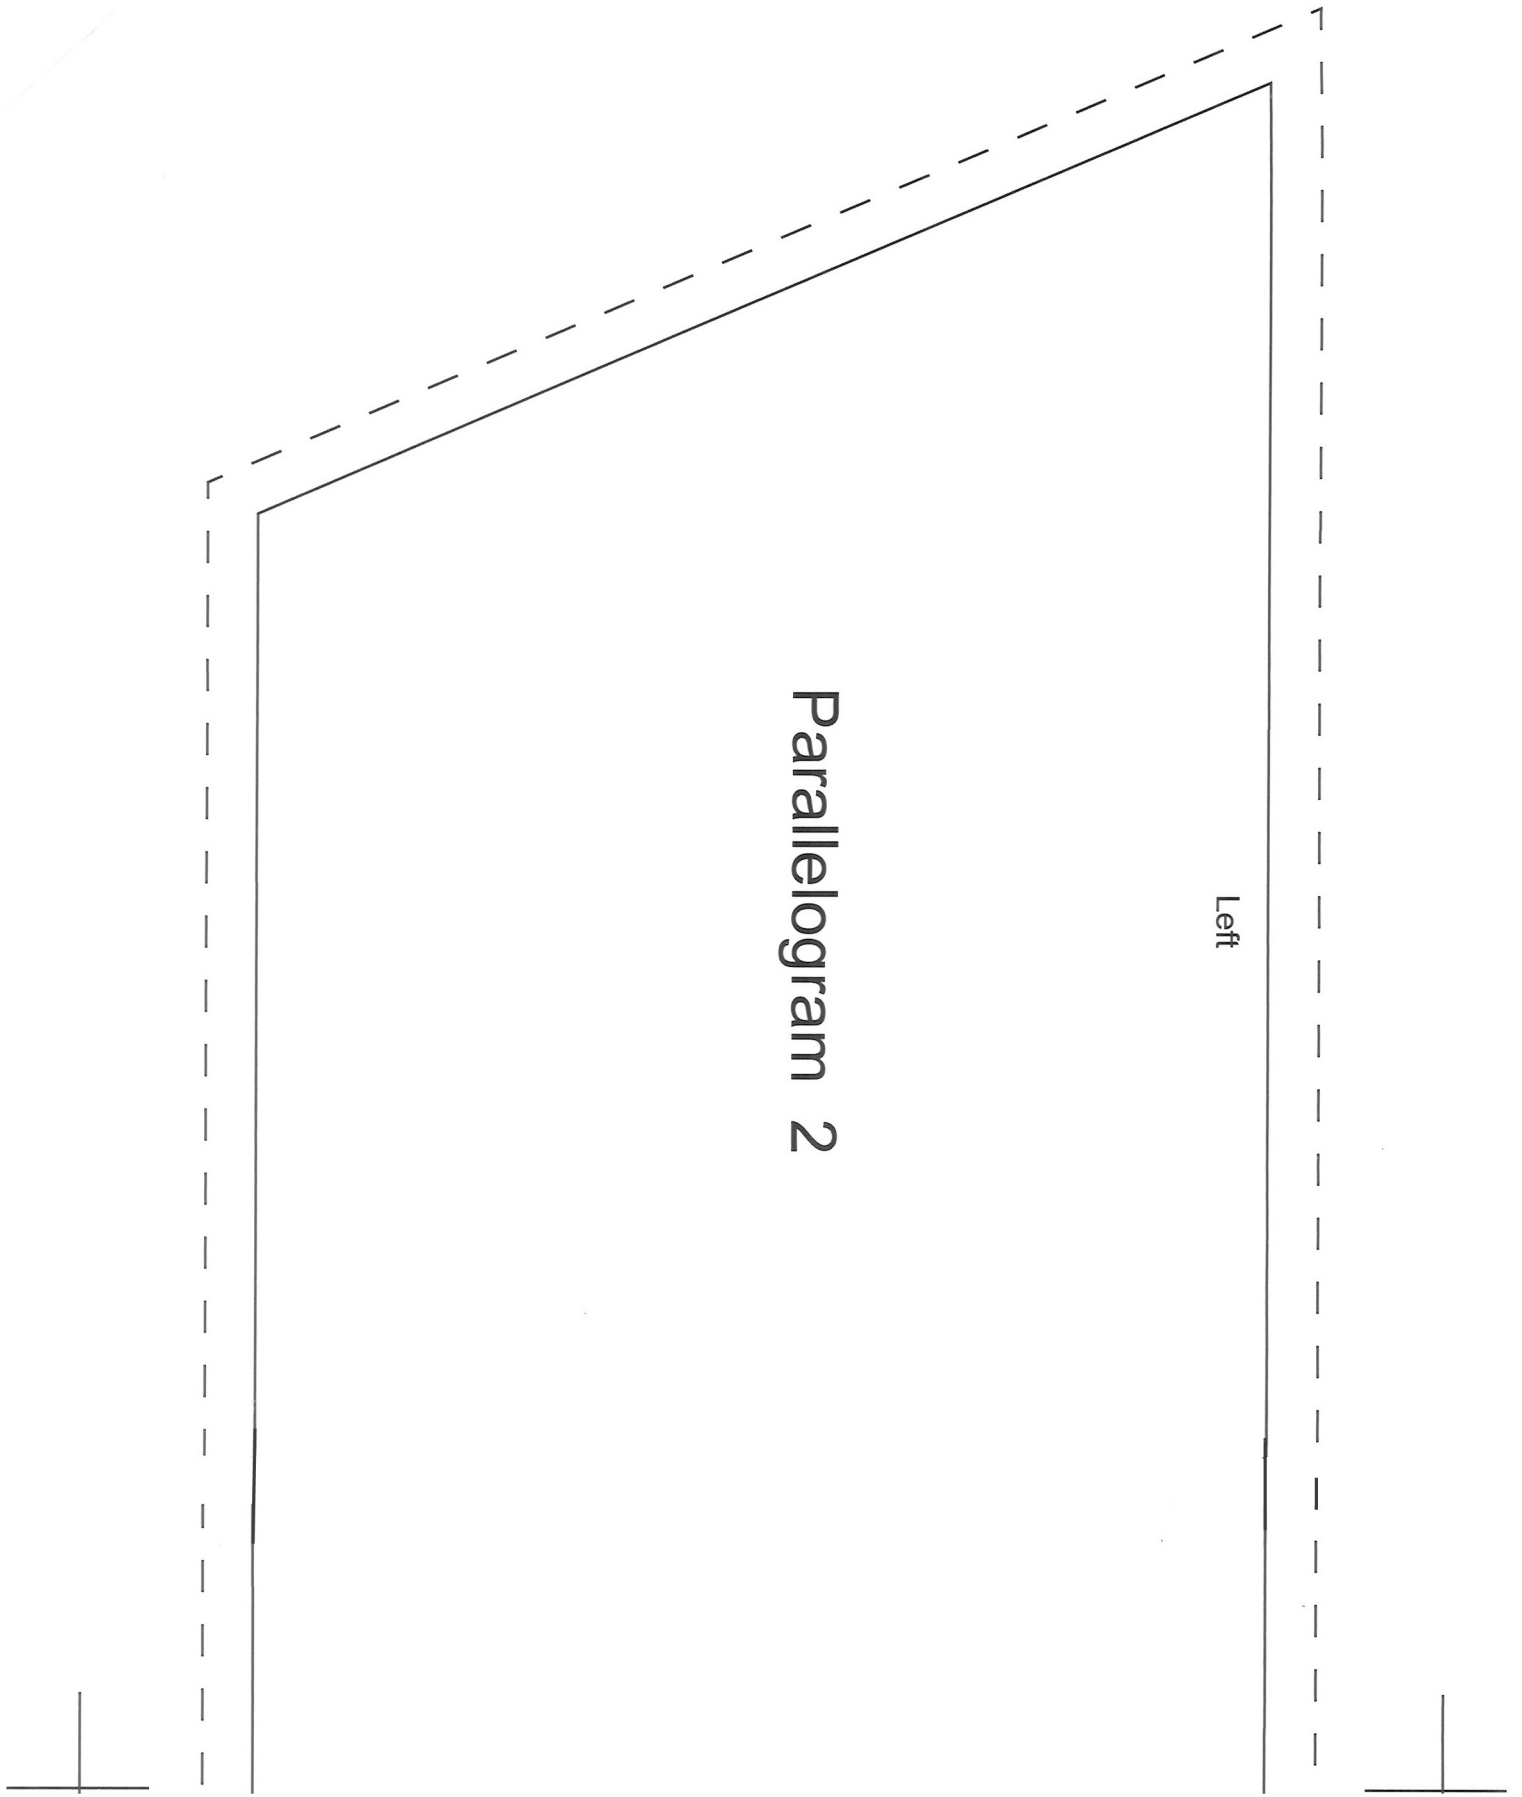

Layer, quilt, bind and enjoy!
